

Datasheet SP05 PC BH255NNAT

The pre-compression trigger sprayer offers a better durability. With its all-plastic construction and pre-compression feature when spraying, it is perfect to spray a wide range of chemicals. In addition, its low resin content minimizes the impact on the environment.

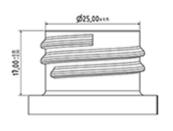

General Information

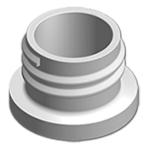

- Ordering numbers : SP05 PC BH255NNAT

- Spraying capacity: 1.25 ml

Weight: 22.00 grColor: naturalTube length: 255 mm

Neck: 28/410

Standard packaging:

- 370 pcs per box

- Dimensions : 60 x 40 x 36 cm - Gross weight : 9.14 Kg
