Datasheet - MAXITVI00BS225BROU

The MAXI sprayer is a professional high-performance model with a very high output of 2.2 ml per stroke.
The MAXI has an extremely robust construction, designed for constant use over a long period. It has a long contoured three-finger trigger for effort-free operation. The trigger surface is textured for an easy grip even with wet or gloved hands.
The nozzle is fully adjustable from a fine mist to a direct jet. The diptube filter is fitted as standard.
The Maxi is recommended for professional, industrial and janitorial use and for all applications where a large quantity of product sprayed is required.
